Sirolin (Pronounced Sir-o-lin): The celebrated Swiss remedy for coughs and colds.

BARRE, WEDNESDAY, APRIL 5, 1911.

Just Caught a Cold?

Then You Should Read This

Bad weather for colds.

Raw, rainy days, with a chill that penetrates.

It is easy to catch a cold—but it is easy to cure it, too, if you use **Sirolin**.

This Swiss preparation is the most successful remedy in the world for disorders of the pulmonary organs—colds, coughs, bronchitis and grippe.

It has an unequalled reputation in Europe, and it comes to America with the endorsement of leading medical men.

Sirolin is entirely different from the ordinary preparation for colds. It does not depress the heart; it does not give you the "blues" to take it; it does not leave you weak and exhausted after the cold has passed.

Sirolin relieves the distressing symptoms—such as the annoying cough, the feeling of fullness in the head, the discharge from the nose and throat, and the usual headache—almost immediately.

It tones up the stomach, develops a keen appetite, and invigorates the system.

Sirolin contains no narcotics, or harmful ingredients of any kind.

It is a physician's remedy, known and prescribed by leading medical men the world over.

Sirolin Relieves Exhausting Night Coughs

One of the disagreeable features of a severe cold is the constant coughing at night. This keeps the sufferer awake, destroys the rest that he needs, and the constant hacking, tearing cough lowers his general vitality and power of resistance.

Take **Sirolin** before going to bed, and you will find that the coughing is relieved, and that you can sleep soundly.

All leading druggists have **Sirolin**.

Sirolin contains no morphine, codeine, habit-forming or constipating drug.

CHILDREN LIKE SIROLIN

Sirolin is a clear liquid, something like syrup in appearance.

It is pleasant to the taste; sweet, with a slight trace of bitter.

Children like it.

Large Enough to be Substantial— Not so Small as to be Insignificant

"The Most Widely Copied Car in America"

ONE thing I like about the HUDSON '20' Roadster," remarked a lady, "is that it looks and performs like a real automobile. It is moderate in cost, yet has the size, comfort, easy riding qualities and beautiful finish of the most expensive cars."

A CAR of this design rides easily. The wheels are sufficiently large to glide over rough roads; the springs are flexible, and with it all is a motor quiet, flexible and powerful enough to take the car and passengers wherever any automobile will go.

YOU probably know the HUDSON "20," but do you know the 1911 model with its added refinements and the detailed attention that has been given to the little things? These make it as much in advance of the cars of its class today—although it has been widely copied—as it was a year ago when it was first introduced. Come in and let us show it to you.

The HUDSON "20" is furnished in two models: the Roadster at \$1,150 and the Four-door at \$1,200, fully equipped. Either, on option, is furnished to carry two, three or four passengers. Equipment includes Bosch magneto, top, glass front, Prest-o-Lite tank, gas headlights, oil lamps, tools, etc. These prices do not include freight from Detroit.

The trustees of the church were instructed to re-hang the church doors so they will open outward, instead of inward, as at present.

M. Barclay of Barre; executive committee, H. J. Curtis and F. R. Dawley. Some changes will probably be made at the club house this season and a committee was appointed to look after the matter. H. B. Moulton and G. B. Walton were appointed to represent the club at the annual meeting of the state league, to be held at the state shoot here in June. MARSHFIELD.

Death of Mrs. Octavia Carpenter of Heart Trouble.

Mrs. Octavia Carpenter, who had been failing for many years, passed peacefully away at her home April 3 of heart failure. All that loving hands could do was done to prolong her days, but death came to claim its own. Funeral services were held Sunday at the home, Rev. L. F. Fortney of Plainfield officiating. Octavia Sanford was born in Marshfield, April 5, 1833, and was married to James Howard Carpenter October 27, 1851. Four children were born to them, three of whom are living, Oliver and Homer of Marshfield and Mrs. Cora Woodbury of Lisbon, N. H.

She also leaves to mourn her loss, Mrs. Jay Cook of Northampton, Mass., whom she reared from childhood; also three grandchildren, two great-grandchildren, one half-brother and a host of friends. Her hoary hands lie crossed as meekly as a maid upon her breast, showing marks of toil. She worked, laughed, loved and suffered in her time and now rests peacefully with upturned face, whose looks belie all struggle in the past. We mourn for her and extend our sympathy as a community to the bereaved ones, feeling the truth of the poet's verses:

God calls our loved ones, but we lose not wholly
What he has given.
They live on earth in thought and deed
As in heaven.

Card of Thanks.

We wish to tend our heartfelt thanks to the many friends who so ably assisted during the sickness and death of our loving mother, Mrs. E. H. Taff.

Mr. and Mrs. Oliver Carpenter,
Mr. and Mrs. Fred Woodbury,
Homer Carpenter,
Mr. and Mrs. Jay Cook.
